Use of AI-methods over MD simulations in the sampling of conformational ensembles in IDPs (<https://www.frontiersin.org/article/1542267>)

Souradeep Sil (</people/3015907/overview>) · Ishita Datta
(</people/3015929/overview>) · Sankar Basu (</people/711239/overview>)

Frontiers in Molecular Biosciences([/journal/698](https://www.frontiersin.org/journal/698))
Published on 07 Apr 2025

Computational analysis of the structural-functional dynamics of a Co-receptor proteoglycan (<https://www.frontiersin.org/article/1549177>)

Francesco Tavanti (</people/2928713/overview>) · Giorgia
Brancolini (</people/698603/overview>) · Roberto Perris
(</people/1090905/overview>)

Frontiers in Molecular Biosciences([/journal/698](https://www.frontiersin.org/journal/698))
Published on 24 Mar 2025

Metabolite profiling, antimalarial potentials of *Schleichera oleosa* using LC-MS and GC-MS: in vitro, molecular docking and molecular dynamics (<https://www.frontiersin.org/article/1543939>)

Peetha Vanaja (</people/0/overview>) · N. S. Hari
Narayana Moorthy (</people/1985379/overview>) · Vivek
Singh Rajpoot (</people/0/overview>) · Harshawardhan Rao
(</people/0/overview>) · Rohit Kumar Goswami (</people/0/overview>) ·
Paranthaman Subash (</people/1779459/overview>) · Sulekha Khute
