Ms. No.: **CYTO-25-1987R1**

Title: Unraveling TNF–TNFR Signaling Architecture Across Invertebrates

Corresponding Author: Prof Subhashini Srinivasan

Authors: Manoj K Govindan; Kaushiki Kalry; Moushmi Goswami; namita Menon; Anmol Singh

Dear Dhusia,

This is to confirm that we have received your review for the manuscript referenced above. We appreciate the time that you have contributed to this important component of the peer review process.

Should you need to access your review comments, please log onto the Editorial Manager at:

<https://www.editorialmanager.com/ycyto/>

Your username is: KDhusia-862

If you need to retrieve password details, please go to: [click here to create your password and login](#).

We would like to take this opportunity to invite you to join the International Cytokine & Interferon Society (ICIS) if you are not already a member. For more information on the Society, please visit <http://www.cytokinesociety.org>

I look forward to welcoming you as a new member and to receiving your future submissions to the journal. Thank you again for your participation in the review process.

As a token of appreciation, we would like to provide you with a review recognition certificate on Elsevier Reviewer Hub (<reviewerhub.elsevier.com>). Through the Elsevier Reviewer Hub, you can also keep track of all your reviewing activities for this and other Elsevier journals on Editorial Manager.

If you have not yet activated your 30 day complimentary access to ScienceDirect and Scopus, you can still do so via the [Rewards] section of your profile in Reviewer Hub (<reviewerhub.elsevier.com>).

You can always claim your 30-day access period later, however, please be aware that the access link will expire six months after you have accepted to review.

Kind regards,

Betsy Barnes
Associate Editor
