Thank You for your review of the Brain Research manuscript **BRAINRES-D-26-00492**, Alisol A 24-acetate ameliorates Parkinson's disease by suppressing CCR1-mediated neuronal oxidative stress and apoptosis. Your comments are greatly appreciated.

As a token of appreciation, we would like to provide you with a review recognition certificate on Elsevier Reviewer Hub (reviewerhub.elsevier.com). Through the Elsevier Reviewer Hub, you can also keep track of all your reviewing activities for this and other Elsevier journals on Editorial Manager.

If you have not yet activated your 30 day complimentary access to ScienceDirect and Scopus, you can still do so via the [Rewards] section of your profile in Reviewer Hub (reviewerhub.elsevier.com). You can always claim your 30-day access period later, however, please be aware that the access link will expire six months after you have accepted to review.

Thank you again for sharing your time and knowledge.

Best,

The Brain Research Editorial Office
